Non-covered Services

At Broad View Eye Center, we pride ourselves in providing our patients with the highest standard of care. Because of this, we now perform the Optomap Retinal Exam on all of our patients. This non-invasive procedure allows our doctors to see a much broader, more detailed view of the retina than with conventional methods. The Doctors at Broad View Eye Center strongly believe the Optomap Retinal Exam is an essential part of your comprehensive eye exam and prescribe it for all patients once per year. The $39.00 Optomap sceening copay is generally a noncovered service. Additional common procedures that are frequently not covered by insurance plans include: refractions (quantifying your need for glasses), contact lens services, glasses and contact lenses.

Assignment of Insurance Benefits

I request that payment of authorized insurance benefits be made payable on my behalf to Broad View Eye Center for any services rendered. This assignment will remain in effect until revoked by me in writing. In addition, I understand that I am financially responsible for any copayments or deductibles required by my insurance company as well as any remaining balance or services not covered by my insurance.

Broad View Eye Center Insurance Policy

In order to accommodate the needs and requests of our patients, we have enrolled in numerous insurance programs. While we are pleased to be able to provide this service to you, it is extremely difficult for us to track the individual requirements of each plan. If we are not informed of any special requirements in your contract, and the charges are not covered, you will be responsible for those charges. Your vision and medical health insurance is a contract between you and your insurance carrier. We will do our very best to assist you in submitting your insurance claims to your insurance carriers.

We request all patients to complete a credit card preauthorization form. We expect your insurance company to make payment within 45 days. If your insurance company denies a claim then the charges are considered your responsibility. We will send you a statement of any outstanding balance and give you the opportunity to make payment, if the balance remains after 30 days of the insurance denial, your credit card will be charged and you will be sent a receipt.

I authorize Broad View Eye Center to keep my signature on file and charge my credit card the balance of charges not paid by the insurance company after 30 days of notification.
